Silva UltraMind ESP System Home Seminar Curriculum

Curriculum:

1 - Guided instruction and practice with Jose Silva's Centering Exercise to learn to reach the alpha brain wave level and function there with conscious awareness.

This exercise is repeated several time throughout the two days under the supervision of your Certified UltraMind ESP System Instructor, and all of our questions are answered, to insure that you know how to practice it effectively.

2 - How to qualify for and actually obtain guidance from higher intelligence to learn what your mission in life is, and to get guidance and help to achieve it.

Mental Video Technique for regular, reliable, daily communication with higher intelligence for guidance and support.

Several practice sessions follow throughout the two days, with emphases on applying the MentalVideo Technique in various areas of your life, including:

- **Health**
- **Relationships**
- **Business**
- **Personal growth.**

3 - Mental Projection to Home: Remote Viewing in a familiar environment to begin establishing points of reference leading to subjective automatic level seeking.

Your mind uses your Certified UltraMind ESP System Instructor's mind as a guide to insure successful results.

4 - Mental projection into Metals.

Remote Viewing to establish points of reference in the inanimate matter kingdom (atomic and molecular) for subjective automatic level seeking, with your Instructor's mind as a guide.

5 – Psychometry.

Explanation of psychometry, and actual practice using psychometry to develop your ESP and Remote Viewing ability, with your Instructor's mind as a guide.

6 - Examples and information of how to use MentalVideo for health issues. Without health, none of the other things matter.

7 - Mental Projection into Plant Life.

Remote Viewing to establish points of reference in the animate matter kingdom (plant cell life) for subjective automatic level seeking, with your Instructor's mind as a guide.

8 - Explanation and examples of how to use the MentalVideo technique to obtain guidance in all kinds of relations and relationships. Our relationships make life fulfilling.

9 - Mental Projection into Animal Life.

Remote Viewing to establish points of reference in the animate matter kingdom (animal cell life) for subjective automatic level seeking, with your Instructor's mind as a guide.

10 - Explanation and examples of using MentalVideo for making business decisions.

Learn how to use the MentalVideo Technique to help you make the right business decisions so that you will have enough resources to fulfill your mission.

11 - Mental Projection into Human Life.

Remote Viewing to establish points of reference in the animate matter kingdom (human cell life) for subjective automatic level seeking, with your Instructor's mind as a guide.

12 - Presentation of problem cases (practice remote viewing).

Working existing problem cases through subjective communication (ESP with positive feedback).
